

The All-In-One Carefree-Package

Cash Register Obligation and Receipt Issuing Liability

With the coming up of the tax reform 2015/2016 the fiskaltrust system has been presented to the Austrian Federal Ministry of Finance in an evaluation matrix as a safety device, already existing since 2013 on the market.

All legal requirements are fulfilled

Bundesabgabenordnung
Barumsatzverordnung 2015
Registrierkassensicherheits-
verordnung (RKSv)
Kassenrichtlinie 2012

Our Partner

The fiskaltrust consulting gmbh in cooperation with the A-Trust GmbH offers a safety device according to the RKSv (cash register safety regulation).

The A-Trust Cash Register Certificates fulfill all legal requirements. Signatures created using these certificates are based on a legally compliant process using a secure signature creation device.

Furthermore all reports and compulsory registrations are considered.

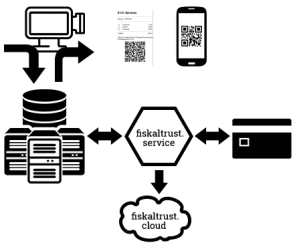

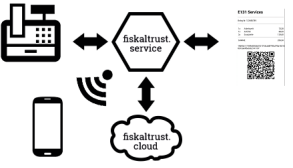

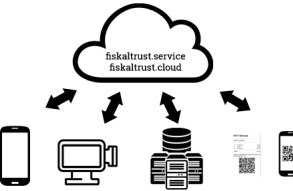

The legally
compliant cash
register security
mechanism

fiskaltrust.

[All-In-One Carefree-Packages for cash register manufacturers and users](#)

All-In-One Carefree-
Packages:

	Not certified	Carefree Cloud (+extensions)	
<p>fiskaltrust. SignaturCard</p>	0€	30€	 <p>The perfect solution for users of Type 3 – in-house installed – cash register systems.</p> <p>The locally installed fiskaltrust.Service uses a signature card installed on a database server communicating for example via USB interface.</p> <p>Several terminals can be connected.</p> <p>In this way the compliance of all requirements according to Bundesabgabenordnung, Barumsatzverordnung 2015 and Registrierkassensicherheitsverordnung (RKSv) is guaranteed.</p>
<p>fiskaltrust. SignaturBox</p>	0€	30€	 <p>The perfect solution for users of Type 2 – cash register or App cash register systems without permanent internet access.</p> <p>Type 2 cash registers can be connected to this hardware box via printer interface. Even App cash registers can be connected e.g. via WLAN. In this easy way legally valid paper or electronic based receipts can be created.</p> <p>In this way the compliance of all requirements according to Bundesabgabenordnung, Barumsatzverordnung 2015 and Registrierkassensicherheitsverordnung (RKSv) is guaranteed.</p>
<p>fiskaltrust. SignaturCloud</p>	4€ (Customer Cloud available)	24€ (fiskaltrust Cloud)	 <p>The perfect solution for App or Web cash register systems with almost permanent internet access.</p> <p>The solution features prompt receipt transmission via e-mail to customers or storage in the A-Trust „Handy-Signature Account“. Doing so the QR Code can be replaced by a link referring to the receipt saved online. The data registration protocol is stored automatically in the cloud in a legally valid way.</p> <p>In this way the compliance of all requirements according to Bundesabgabenordnung, Barumsatzverordnung 2015 and Registrierkassensicherheitsverordnung (RKSv) is guaranteed.</p>
